

ABHISHEK K

BCA Artificial Intelligence & Machine Learning Student

Bengaluru, Karnataka, India | Email: abhi6282shek@gmail.com | Phone: 6282562173

GitHub: github.com/Abhi6282shek | Portfolio: abhi6282shek.github.io/Portfolio/ | LinkedIn: linkedin.com/in/abhishek-k-744741330/

CAREER OBJECTIVE

Motivated and detail-oriented BCA (AI & ML) student with hands-on experience in full stack software development, including Java, Spring Boot, MySQL, and modern web technologies. Skilled in building functional, end-to-end applications such as web platforms and Android apps, with a strong foundation in object-oriented programming, REST API development, and database management. Passionate about applying artificial intelligence and machine learning concepts to solve real-world problems through clean, scalable code. A quick learner with strong analytical and problem-solving abilities, seeking a Software Developer / AI & ML internship to contribute technical skills, gain industry exposure, and grow as a full stack and AI-driven developer.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, HTML5, CSS3

Frameworks: Spring Boot

Database: MySQL, Firebase

Tools: Git, GitHub, VS Code, Android Studio, XAMPP

Concepts: Object-Oriented Programming (OOP), REST API Development, Database Management, Responsive Web Design

PROJECTS

RentalCarAI – Smart Car Rental Management System

GitHub: github.com/Abhi6282shek/RentalCarAI

Technologies: HTML, CSS, JavaScript, Spring Boot, MySQL

- Developed a full-stack car rental web application using HTML, CSS, JavaScript, Spring Boot, and MySQL.
- Built a secure user authentication and booking system supporting 6+ vehicle listings with search, brand, fuel type, and price filters.
- Designed a fully responsive user interface optimized for desktop and mobile devices.
- Developed and integrated REST APIs to manage user accounts, bookings, and vehicle information using Spring Boot and MySQL.

Medical Store Billing System

GitHub: github.com/Abhi6282shek/MedicalStoreBillingSystem

Technologies: HTML, CSS, JavaScript, ASP.NET Core, MySQL

- Developed a medical store billing and inventory management system with medicine management, billing, and invoice generation.
- Implemented CRUD operations for medicine records using ASP.NET Core and MySQL.
- Integrated database operations to maintain accurate inventory and billing information.

Movie Booking Android Application

GitHub: <https://github.com/Abhi6282shek/MovieBookingApp>

Technologies: Kotlin, Android Studio, Firebase, Room Database

- Developed a native Android movie booking application using Kotlin.
- Implemented Firebase Authentication and Room Database for secure login and local booking history.
- Designed an intuitive booking workflow with movie listings and seat selection.

EDUCATION

Bachelor of Computer Applications (BCA) – Specialization in Artificial Intelligence & Machine Learning

Presidency University, Bengaluru, Karnataka

2024 – 2027

CERTIFICATIONS

To be added.

SOFT SKILLS

Problem Solving, Teamwork, Communication, Quick Learner, Adaptability, Time Management

LANGUAGES

English, Malayalam, Hindi
